Library Report for 1938

Library hours: Afternoons, Tuesday 12:30 to 8:15; Saturday 2 to 8:30.

The books of the library as kept by the librarians show that the library enjoyed a successful year, so much so that the Trustees decided to have the library open more hours a week and began December 1 to change the hours of Saturdays from 2 o'clock to 6 o'clock in the afternoon to 2 o'clock to 8:30 o'clock in the evening. We hope that having the library open on Saturday evening will make it more convenient for its patrons who are not in walking distance of the library.

Mrs. Smith makes special effort to see that the library patrons at the north part of the town receive the reading they most enjoy.

Keep in mind that we like to know your reading wants and if we do not have the book asked for we can get it for you from the State Library or the State Book Commission.

Book circulation increased 419 books over 1937 as follows:

Month	1937	1938
January	456	581
February	458	516
March	572	551
April	455	477
May	427	406
June	443	404
July	461	472
August	462	491
September	322	402

October	428	482
November	468	546
December	452	494
Totals	5045	5822

Average of 111.96 books per week, an average of over one book a week to every family in town.

No doubt the circulation would be double if the librarians could know the number of members of a family that read each book while out of the library.

If you have puzzling questions of history, past or present, natural history, travel, home, farm, crossword puzzles, or other hobbies and so on you will in all probability be able to find your answer in some of the literature owned by your town library.

The library subscribes for the following magazines: American Boy, American Girl, American Magazine, Atlantic Monthly, Better Homes and Gardens, Child Life, Country Gentleman, Etude, Life, National Geographic Magazine, Nature Magazine, Needlecraft (Home Arts), Popular Mechanics, Readers Digest, Red Book, Time, The Yankee Magazine.

Also the following magazines are contributed: Cosmopolitan, Ladies Home Journal, Granite State Outlook, McCall's, New Hampshire Troubador, Our Dumb Animals, The Watchman, The Yankee Pilot, Woman's Home Companion.

We extend our thanks to the people who have contributed these magazines.

177 new books have been added to our list through the year, making a total of 3222 books now on our shelves.

If you cannot come to the library or branch library each week—reference to your town reports since 1932 will help you to remember what books have been added since that date, then drop a line to any one of the librarians, Mrs. Mary P. Smith at North Monroe, Mrs. Agnes H. Little or Mrs. Jane E. Pratt, Monroe, and they will see that your order is filled.

TEACHERS

Mabel I. Connolly, principal, Grades 7-8.
Lillian D. Stone, Grades 5-6 and home economics.
Margaret R. Cyr, Grades 3-4.
Harriet F. Wilton, Grades 1-2.
H. Ruth Johnson, special helping teacher.
Priscilla A. Bedell, piano and vocal music.
C. George McLure, band instruments.
Lottie M. B. Underhill, school nurse.
Dr. C. D. Eastman, health officer.
Lewis Wright, janitor.

Because of Monroe's fortunate condition it has been easily possible to keep the building in perfect condition, and to provide books, supplies, and such equipment as seemed desirable. The new additions to the school library have furnished the pupils with much pleasant and valuable reading material while the radio, recently installed, has opened up new fields of instruction.

It has been gratifying to see so many parents and friends present at the special exercises given by the school. I should like to urge parents to visit the regular sessions when they could see some of the daily work. Conferences between parents and teachers regarding the children's problems are very helpful and often times enable the schools to render more effective service to the community.

As a help and a matter of interest I would like to call your attention to the rules of the State Board of Health as to the periods of isolation required for those suffering from some of the communicable diseases.

Chicken Pox: Until every crust has fallen off. This is two, three, or even four weeks.

Whooping Cough: A child may go to school in six weeks from the commencement of the "whoop," provided the paroxysmal cough has ceased.

Scarlet Fever: Four weeks from the appearance of the rash, and then to be dependent on the cessation of all peeling and discharge from ears, eyes, and nose.

Respectfully submitted,
EDWARD A. JANES.
